

Y TYLWYTH TEG (The Faerie Folk) is an ancient Welsh Tradition. We are one of the oldest existing traditions among the mystery religions. In our tradition we worship the Great Spirit in the form of a God and Goddess(which are but two of its aspects) - for if we were all created in God's image - man as well as woman - then God must be Female as well as Male.

We are also a Pagan religion which offers up the sacrifices of love and dedication to the divine Goddess and Her consort the Great God Llew. We celebrate the mysteries of nature in the ancient pattern- derived from sources old and new.

Ours is a religion patterned on the fertility of the mind and spirit as well as the body. We teach the balance of nature and how to walk the path in harmony with the Great Spirit. Our overall purpose is to aid humanity's search in the Great Spirit's universe for identity, development, and happiness; to relink humanity with itself and nature.

We are an initiatory group with nine levels of attainment. We seek only to be part of the joyful dance in celebration of life.

BLESSED BE

### GREETINGS!!!!!

I'd like to thank all our new subscribers for their wonderful letters, we really enjoyed reading them. Forgive us if it takes awhile to answer, but there is alot going on here. Tristan works evenings and is spending his off days working with aids patience, helping them cope. There has been job changes, moving, and family visits from up north.

We are all hoping things will calm down, so we all have time to do the things we really need to do. Especially when you look at the calendar and the years is almost half over!

But we must give thanks for the little things in life that we have to make it all worth while.

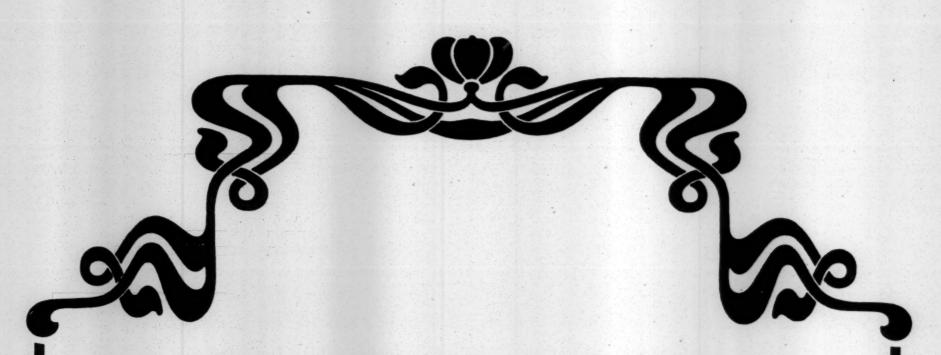

My love to you all.

Blessed Be

# Take Time

Take time to thinkit is the source of power. Take time to readit is the foundation of wisdom.

Take time to playit is the secret of staying young. Take time to be quietit is the opportunity to seek God.

Take time to be awareit is the opportunity to help others. Take time to love and be lovedit is God's greatest gift.

Take time to laughit is the music of the soul. Take time to be friendlyit is the road to happiness.

Take time to dreamit is what the future is made of. Take time to prayit is the greatest power on earth.

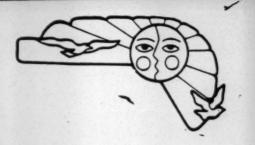

"There is a time for everything..." Eccl. 3:1

A smile costs nothing but gives much. It enriches those who receive, without making poorer those who give. It takes but a moment, but the memory of it sometimes lasts forever. None is so rich or mighty that he can get along without it, and none is so poor but that he can be made rich by it. A smile creates happiness in the home, fosters good will in business, and is the countersign of friendship. It brings rest to the weary, cheer to the discouraged, sunshine to the sad, and it is nature's best antidote for trouble. Yet it cannot be bought, begged, borrowed or stolen, for it is something that is of no value to anyone until it is given away. Some people are too tired to give you a smile. Give them one of yours, as none needs a smile so much as he who has

# SHAPING

The fire burns orange and hot.

The smoke trails hurridly after, creating eddies in the air, in the mind, in time.

The water reflects, sparklingly, the light.

The earth swallows it up whole, like seeds,

like bodies, like time.

Fire and air, earth and water;

these are the tools of the witch and the potter.

The potter turns the bowl, the witch fills it.

The potter fires the bowl, the witch fires the soul.

The potter kicks her wheel around, the witch lets her feet do the dancing.

The potter spins the wheel, the witch dances around it.

In both cases wheels turn; fire, air, earth and water are united; reality is shaped; beauty is created.

But, the witch's clay is the soul.

# VISUALIZATION

As part of our psychic studies - visualization is one of the most important. Visualization can turn our imagination into a reality.

As Wiccan/Pagans, we can all start now by doing us and the world a big favor. That is to visualize the earth healing herself and humankind returning to thoughts of non-violence and unity.

A five minute meditation to create these positive thought forms can make the world of difference.

Join us to help heal MOTHER EARTH!

# VINEGAR PROTECTION

Unwelcome entities dislike the odor of vinegar. If you suspect any psychic disturbance in your home, place a saucer with some vinegar in the area of your home that feels uncomfortable.

# HERBAL LOVE POTION

Brew a cup of Strawberry tea add some honey and a sprig of fresh mint leaves. Serve to your hearts desire.

#### SOME SACRED TREES

ALDER: Sacred to Gwern. This tree produces a red dye; A Yule wood and also the symbol of the new born Sun.

ASH: Sacred to the God of the Sea, Neptune, and a protection to sea farers. The best wood for the cauldron.

HAZEL: A tree sacred to the Solar God. It is a symbol of wisdom and occult power. Its branches make the best water witching forks. Good for divination.

WILLOW: Sacred to the Goddess and the Moon as well as the lord of light.
A ceremonial and funeral tree.

# NOSWL MAI - BELTAIN - MAY 1st

This is a time of planting and nurturing our seeds. Our Goddess presides at this Festival of Fertility. For this time of the year we insure boutiful crops and the continued fertility of all nature.

It is customary around this time of year to give May baskets full of food; flowers; and hand made creative gifts.

One of the many joyous ways we celebrate our Sabbats is dancing!
The "DAISY CHAIN" dance is done outdoors. The High Priestess leads
this dance while the High Priest trails at the end. The dance weaves in
and out among the trees and nature.

During or after the Beltain ritual, a piece of clothing should be placed on a tree to honor the Lady.

Females should wear wreaths in their hair decorated with daisies.

Burn St. Johnsewort on Beltain night as incense for magickal protection throughout the year.

#### ROSEMARY

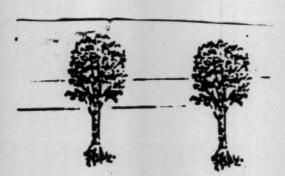

This herb is a symbol of harmony and can be burned in the cauldron or sprinkled around the home. As a tea it improves the memory and calms the nerves.

## WILLOW

Sacred to the Goddess and the Moon. Also Sacred to the God of light. It is a funeral as well as a ceremonial tree. The bark may be worn as a love charm against jealousy.

#### WINE LOVE POTION

A sweet red wine should be spiced with cinnamon, nutmeg, and a few anise seeds, or powdered anise, plus a very tine amount of cumin powder. This is to be simmered together, strained and given to the object of your hearts desire.

Pray to the Moon
When Whe is Round
Luck for you
Will thrice abound

CERRIDWEN"S BEAUTY TIPS

WHAT DID JUPITER SAY TO SATURN?

DO YOU HAVE RING AROUNG THE PLANET??

# Grin and ignore it.

For a stimulating, soothing facial, mix equal portions of salt and olive oil. Gently massage your face and troat using long, upward strokes, and let the mixture remain on your skin for five minutes. Remove with a tissue. Then wash your face with a skin tonic.

For a steam facial: Hold your face over a basin of steaming water to which ½ cup of Witch Hazel has been added. This opens up your pores. Then cover your head with a towel to concentrate the steam. Use a cleanser on your face and close your pores by using a chilled facial tonic or astringent.

To help moisturize your skin from the inside, add several tablespoons of vegetable oil to your daily diet. This may be done by adding it to your daily salad or vegetables. This will hydrate your skins cells from the inside and plump them up.

Throughout the centuries, Numberology has always been one of the most fascinating ways to fortell one's destiny. This article will introduce you to your own "Personal Year" which numerologists consider part of a nine year cycle we all live.

(A) First calculate the Universal Year; 1985 by adding all the digits together 1+9+8+5 = 23, then add 2+3 = 5. 1985 is then considered the "5" Universal Year.

REMEMBER, REDUCE ALL YOUR NUMBERS TO A SINGLE DIGIT.

(B) Calculate your personal year by taking your birth month and birth day and adding them together. Example, Sept. 1 is 9 + 1 = 10, now 1 + 0 = 1. To determine your personal year for 1985 add 5 (Universal year) + 1 (personal year) = 6 (the cycle you are in now). Again reduce all numbers to a single digit.

The following is a description of each individual cycle for the next 9 years:

- 1) A "one" year means a new beginning in your life. Begin new adventures and make worthwhile contacts. Be original and courageous. The people you meet in year one may stay with you throughout the entire nine cycles, so make your choice of friends and lovers a wise one. Strengthen your will power.
- 2) The "two" personal year will be a bit of a recuperation from your " on the go" first cycle year. Your efforts from year one should develop. Let your ideas grow and you will find some good opportunities coming your way when least expected.
- 3) Plan some special event in your "three" year. If you are artistic or talented, project these talents. Social functions are on the top of the list. Write a book or compose songs and bring your talents to new heights of achievement. Change your style and enjoy this year.
- 4) Year"four" will give you an opportunity to improve business methods. If you have creativity year four will help you to perfect your ideas and make money from your talents. Become organized and economical because this year will not be financially sound.
- 5) The "five" year may not start out great but it will get better. Keep an open mind and expect changes. Do not plan too far in advance. You may experience anxiety and tension accompanied with instability. A romance is common in this year.
- 6) The "six" year will come as a welcomed relief to the lonely. You will have the desire to be with friends, family, and develop a social circle. You may want to have a pet or go to school. Matrimony may also be in store for you. Don't be alone. Go out and meet people.
- 7) The "seven" year is a "get away from it all" year. Plan a great vacation and relax. Merry makers may drain your mental energies. This year may bring a new spiritual beginning. You may also inherit something and experience out of court settlements. This is the year of mystery. Welcome thoughts, don't brood, and be a bit cosmic.
- 8) The "eigth" year is an earth year. Expansion is key and your economic state should be improved. This year will bring rewards from your previous cycles. Make sure you have the cash before undertaking new projects. Make influential contacts and be grateful for favors done in your behalf.
- 9) This year marks the end of your 9 year cycle. Plans will culminate now. Speak your mind and gradually phase the people out, in your life, that have given you problems. Don't waste money or energy and get prepared for a new beginning.
